Updates RTV-Nunhems

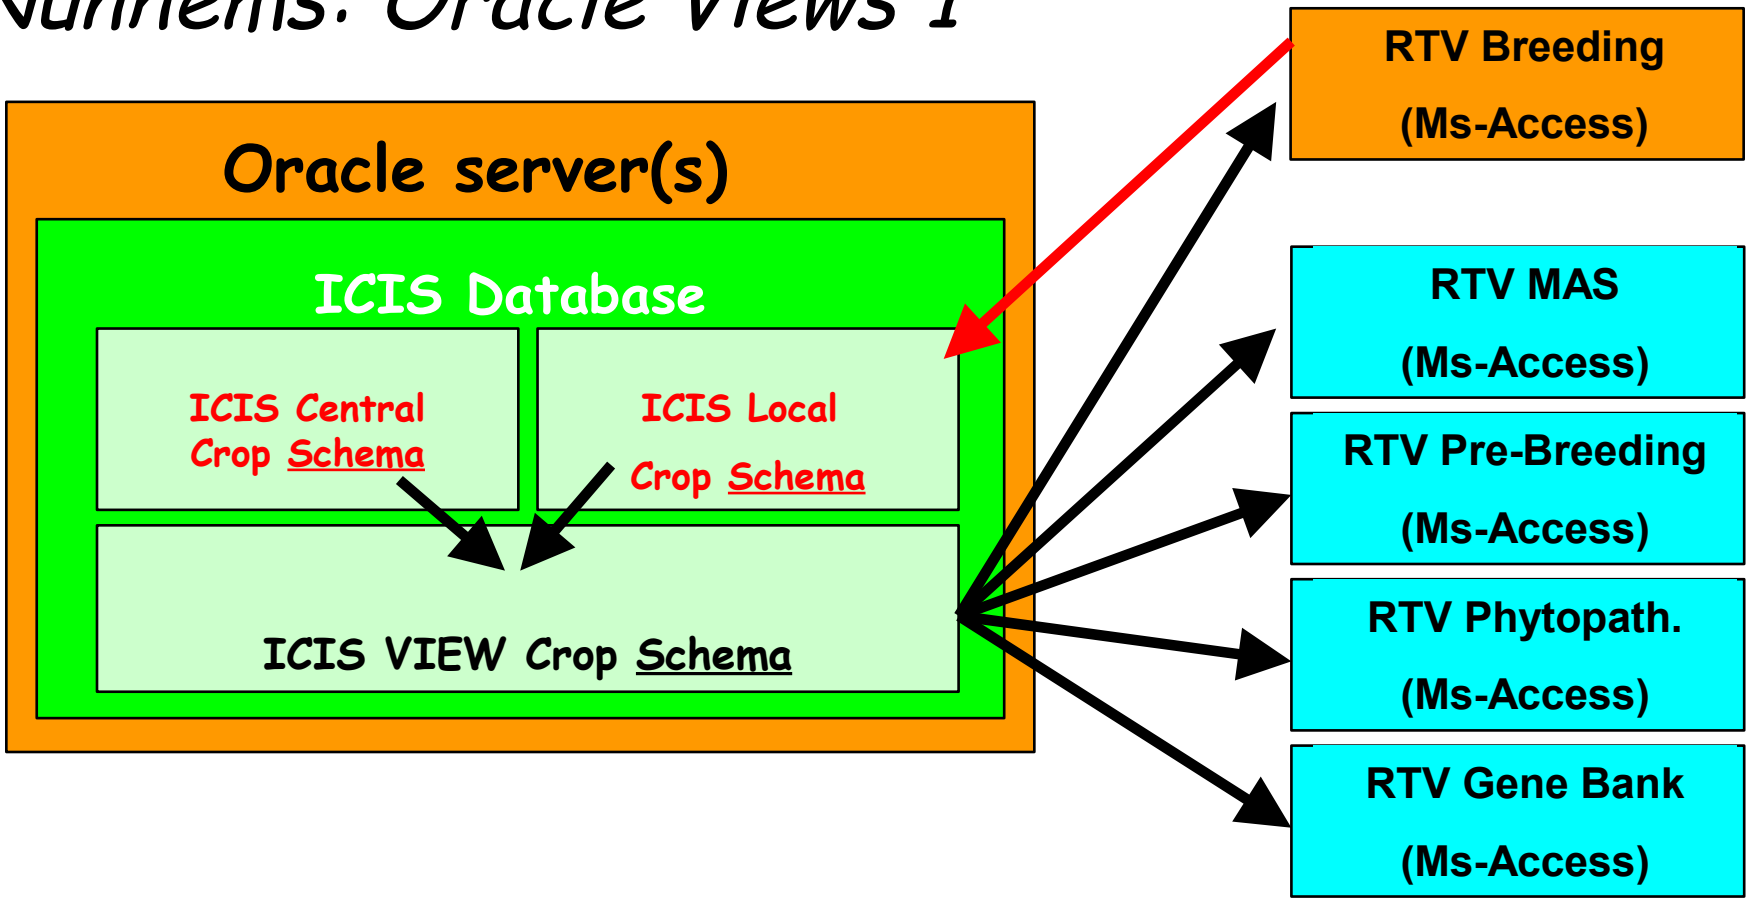
May 2006 (CIMMYT)

Casper aan den Boom (Nunhems)
Reporter: Brenda Gundersen (Nunhems)

Retriever Changes:
Nunhems

1. Over 95% based on query-ing direct on the ICIS tables via Oracle Views (DMS & GMS)
2. Oracle Views more USER-Orientated in stead of TABLE-Orientated
3. Use of ICIS-DLL functionalities limited:
   - ICISWrapper functions (GenCd, CrossExp)
   - Create SetGen List from table in RTV
   - Reset DMS-Status for loading Study
4. More as one Retriever per database-set
5. Layout similar to new WorkBook

Retriever Changes:
Nunhems: Oracle Views 1



Retriever Changes:

Nunhems: Oracle Views 2
